Ubugwenxa bethu kuThixo

Emzantsi-Afrika njengasemhlabeni wonke kuyanda ukulamba ezintliziyweni zamaKrestu, zilambele uthando olupheleleyo noThixo, onguYise weNkosi yethu uYesu Krestu. Oku kubonakalaliswa kukukhula komdla wokuthandaza nokufuna ubuso bukaYehova. AmaKrestu amaninzi ayayivakalisa inkxalabo yabo ngokuhla komgangatho woluntu kwilizwe lakowethu, njengoko zibonakaliswa ngokwanda kobugebenga, ubundlobongela, nezenzo zezono. Abanye abantu baye uMzantsi-Afrika bawuthatha njengoncanyuweyo nolahlekileyo baza bakhetha ukuwushiya bazifunele igwiba lokhuseleko kwezinye iindawo. Ngamxesha afana nala kufuneka umazi uThixo esimnqolayo ukuba unguThixo ongahlulwa nto. UThixo wethu nguThixo kanye osebenza ezoo meko sele zincanyiwe. Akasishiyanga engasiyekelanga kanjalo, ngokwelizwi lakhe ulinikile ibandla lakhe eyona migaqo emaliyilandelwe ukulawula iimeko ezifana nezi uMzantsi-Afrika ujongene nazo ezifana ne: ndlala, izifo, ukungalawuleki, njalo-njalo. Eyona nto ayifunayo uThixo ufuna sibe nokholo, kuba ngaphandle kokholo akukho ukumkholisa Yena. Ngokholo olungango ngokhozo lwemostadi iintaba ziyasuswa.

Noko kunjalo uThixo unemigaqo ethile asebenza ngayo. Uyibeka ngokucacileyo eBhayibhileni into yokuba xa kukho isono ebomini bethu okanye isizwe sonile kuye, ngoko ke yena akayi kuyiphendula imithandazo yethu okanye athobe intsikelelo yakhe. Inguquko yindlela yokusondela kuye kwimeko ezinjengezo, UThixo uyatsalwa yintliziyo eguqukayo. Ingxaki kwisizwe sethu namhlanje kukungayazi into emasiyiguqukele. Sele siqhelene kakhulu nesono kangangokuba asisisebenzi ngendlela yeBhayibhile, sisuka sifune unobangela nezizathu zokubandakanyeka kwizinto azicaphukelayo, size silindele ukuba uThixo asondele kuthi noxa sisona. Imigaqo kaThixo ngokumalunga nobungcwele iyecacileyo kakhulu kungoko kufuneka sikhangele kwiziqu zethu nakwisizwe sethu ngamehlo kaThixo. (silinganisela iziqu zethu nesizwe esihlala kuso kwilizwi likaThixo.) Size phantsi kwakhe ngenguquko.

Ibhayibhile iyacacisa ngokupheleleyo into yokuba ukuze uxolelwe kufuneka uguquke. Izono zangaphambili ezingaguqukelwanga azixolelwanga kodwa zisasichapazela nanamhlanje. Kukhona ezo zono

ezichaphazela umhlaba zize ngokweBhayibhile zenze ukungcola emhlabeni aze uThixo asuse inceba yakhe kuloo mhlaba. Zine iindawo zesono esizakujongana nazo apha ekuqaleni ezizezi: Impalalo gazi, umbulo, ukophulwa kweminqophiso nonqulo zithixo. Uluhlu ngalunye lwezono luyakucaciswa kangangoko kude kunikwe nemizekelo yendlela yokuthandaza malunga nezo zono.

Ukususa ubugwenxa

Esona sizathu sokuba uKrestu eve ubunzima aze avuke kwelabafileyo kushunyayelwa kwenguquko noxolelo kuzo zonke izizwe (Luka 24:46 – 47). UPawulosi nabanye abapostile balusasaza oludaba kulo lonke ilizwe lama Roma. Kwesinye seziseko, i-Efese, uPawulosi xa wayeshumayela inguquko kwabakho inguquko enkulu yokubuyela kuYehova baza abantu batshisa iincwadi zabo zokusebenza ubugqirha (Izenzo 19:19). Le nto yalichaphazela ilizwe kangangokuba yashukumisa abenkolo kaDemetriyo (Artemis) Balahlekelwa nayintengiso yonqulo zithixo. Indlela kaThixo yokubuyisela abantu kuye nokubasusa kubugwenxa yinguquko.

KwiTestamente endala abantu bakaThixo kwakufuneka bazisuse baze bazitshabalalise zonke ezo zinto zazimkhathaza uThixo (Iduteronomi 12:2 – 4) ukuze babe nako ukunqula yena yedwa. Wabathembisa ukuba xa bathe bakreqa ekumlandeleni waza wabohlwaya ngokungamthobeli kufuneka babuyele kuye, bazithobe phambi kwakhe, bathandaze, bafune ubuso bakhe baze babuyele kwiindlela zabo ezimbi, yena uyakuva esezulwini abaxolele izono zabo aze aphilise ilizwe labo (2Izikronike 7:14). Kwincwadi yama Hebhre 9:22 sifunda ukuba yonke into ihlanjululwa ngegazi futhi ngaphandle kokuphalala kwegazi alukho uxolelo lwezono. Kwitestamente endala uThixo wabanika abantu bakhe indlela yokucamagusha ukubanceda xa sukuba bemonile okanye bone omnye komnye. Kwakuthi kanye ngonyaka athi umbingeleli omkhulu azise umnikelo okhethekileyo, owawubizwa ngokuba “sisibingelelo sentlambululo” (Ilevetikusi 16). Igazi lokubingelela lalisetyenziselwa ukuhlambulula indawo engcwele (phambi kwesihlalo senceba) ngenxa yokungcola kwabantwana baka Sirayeli nangenxa yobugwenxa bazo zonke izono zabo. Emveni kokuba umbingeleli omkhulu elifefile igazi phezu naphambi kwesihlalo senceba kwakufuneka ezise ingxelo yezono zabantu. Esi sibingelelo sasaziswa kanye ngonyaka sasikwangumnikelo wokukhusela abantu kubungcwele bukaThixo.

Kwincwadi yama Hebhere 9:11, sifunda ukuba uYesu weza engumbingeleli omkhulu waza wangena kweyona ndawo ingcwele endaweni yethu. Azange eze negazi leebhokhwe neegusha koko weza ngelilelakhe. Akufunekanga ayiphindaphinde lonto koko wayenza kwabanye waba ugqibile. Igazi likaYesu yayilelokunikela umnqophiso omtsha (Korinte 1 11:25 – 26) waphinda ngegazi wenza indlela yokususa isono (Hebhere 9:26). Igazi leebhokhwe neegusha azange likwazi ukusisusa isono kodwa elikaYesu liyakwazi. Ngegazi likaYesu siyakwazi ukufumana uxolelo lwezono, akusafunekanga sizise mnikelo wabhokhwe okanye igusha. Emva kokubingelela uYesu wahlala ngasekunene kukaThixo elinde ukuba iintshaba zakhe zenziwe isihlalo seenyawo zakhe. Ngenxa yento uYesu awayenzayo sinalo ilungelo elipheleleyo lokungena etronene yobabalo (isihlalo senceba) emazulwini (Hebhere 4:16), sifumane uncedo ngexesha elifanelekileyo. Igazi likaYesu elathi lafefwa phambi kweTrone yobabalo libubungqina boxolelo elithi uThixo alinike bonke abeza kuye egameni likaYesu, besizisa inguquko. Xa sukuba sithandaza kuThixo sicela uxolo lwezono zethu nezono zabantu bethu, njengoko umbingeleli omkhulu wayesenza kwiTestamente endala, uThixo umamela ubungqina kwigazi likaYesu njengoko lisingqinela ngakho kwitrone yakhe (Hebhere 12:24). Njengoko imithandazo yethu yenguquko isiziswa phambi koThixo (Isityhilelo 8:3 – 5), uThixo usebenza endaweni yethu zize zonke izithembiso zomnqophiso ukusuka kwizithembiso uThixo awazenza kumnqophiso wakhe no Adam, Nowa, Abraham, Davide, Solomon, njalo-njalo zize ezizithembiso zomnqophiso omtsha zibe lilifa lethu. Esinye sazo sesokuba xa sithe sathoba, sathandaza, safuna ubuso bukaThixo saza sabuya kwindlela zethu ezimbi, uThixo uyakuva esezulwini, asixolele izono zethu aphilise ilizwe lethu.

Impalalo-gazi

Isiganeko sokuqala sempalalo gazi eBhayibhileni sifumaneka kwincwadi ye Gen 4, apho uKayin wabulala umninawa wakhe u-Abheli. Emva ko Kayini isono sokuphalazwa kwegazi saphindwa-phindwa ngenjikeleza yempindezelo (Gen 4:23 –24) yabaqatha kakhulu. Wathi uKayini uyakuqalekiswa emhlabeni ukuqeqe xa umhlaba usetyenziswa unganiki amandla ekufanele uwunike. Umulali uyakuba sisibhadu-bhadu nomphambukeli, angakwazi ukuzinza (Gen 4:11 – 12). Xa uThixo wayenika uMoses umthetho wakhe ayalela ukuba umbulali afe

(Dut 19:11–13). Xa kwakukho isenzo sobugebenga esingalungisekanga uThixo wabiza ababingeleli kwiidolophu ezisondeleyo ukuba bajongane nalo meko (Dut 21). Ibhayibhile Iyasifundisa ukuba impalalo gazi, leyo yabantu, nezilwanyana yenza ubutyal emhlabeni ubutyala begazi sisiphumo esingenakuthintelwa esibangelwa kukuphalazwa kwegazi labantu okanye lwezilwanyana ukwenza amadini kwizithixo. Eli tyala lifana nobhubhani onwenwa ngokukhawuleza. Ingachaphazela umbulali nezo zihlobo zakhe zegazi ezingasondelanga, nesizukulwana esilandelayo, isixeko ahlala kuso, isizwe sakhe, nomhlaba ahlala kuwo. Kanye emveni konogumbe uThixo wakhupha umyalelo othintela ukutyiwa okanye ukuselwa kwegazi. Lo myalelo wasahlonelwa nalibandla lokuqala leTestamente entsha (Izenzo 15:20). Uyesu kwiTestamente entsha uwuthabathele phambili umyalelo wokubulala ngokucacisa ukuba umsindo ongenabulungisa nokubhavumla ngumsindo kubi phambi kwamehlo kaThixo njengokubulala.

Impalalo gazi lityala elikhulu emehlweni kaThixo. Xa uManase wayizalisayo iYerusalem ngegazi elingenatyal, uThixo akavumanga ukuxolela, ngoko wabenza iimbacu abantu bakge (OoKumkani 11 24:4). Sa abo ababefuna uThixo babenetyala legazi ezandleni zabo, uThixo azange afune ukuphendula imithandazo yabo (Is 1:15; 59:2). Kwincwadi yemizekeliso uthi uyazicaphukela izandla eziphalaza igazi (Imiz 6:17), kwincwadi kaYoweli 3:21 uThixo uthembise ukua xa esizisa ulwakhiwo ngokutsha, uyaxolela ubutyala begazi kodwa kude kube ngoko umhlaba awusayi kuyifihla impalalo-gazi (Is 26:21). Eli gazi lakuqhubeka likhala kuThixo njengegazi lika Abheli.

Abemi boMzantsi Afrika banomthwalo wempalalo gazi ngenxa yegazi elimsulwa eliphalele emhlabeni wethu. Iziqhamo zempalalo gazi zibonakalaliswa kukukhula kwenzondo, impindezelo, ubhavumlo nomsindo phakathi kwabantu, iindlela ezizinzinga zabantu abaninzi nokwanda kwentswelo zokutya kwiindawo ezininzi zeli. Inye indlela yokulungixa obu butyala kukunqamanisa igazi likaYesu kunye nathi. Siyenza njani loo nto? Ngokungena etroneni yobalballo sinengqiniseko yokuba sinommeli osemazulwini osithandazelayo. Walihlawula ityala lezono zethu ngelilelakhe igazi yaye akumele samkele igazi lenkunzi okanye ibhokhwe ukuze sizuze uxolelo. Igazi likaYesu kwisibingelelo emazulwini liyasithethelela (Heb 12:2). Sixhobe ngesi sithembiso sokuxolelwa nesiqinisekiso somnqophiso omtsha/ongcono, singaya kuThixo siguqukele isono selizwe lethu size sifumane uxolelo lwakhhe.

Xa sukuba isono singaguqukelwanga asixolelwanga. Nexhesha alinako ukusicim. Inye indlela yokufumana uxolelo yinguquko kuphela. Isono esingaguqukelwanga nokuba sese sizukulwana esidlulileyo siyazichaphazela izizukulwana ezilandelayo. Khumbula sivuma kuphela izono zamndulo, ASITHANDAZELI ukuxolelwa kwezinyanya. Babe nalo nabo ithuba phambi koThixo. Siyathandaza ukuze uThixo asuse ityala legazi emhlabeni ngegazi likaYesu kunye nesiqalekiso esize ngenxa yetyala legazi. Ke ngoko siza kumkhumbuza uThixo ngesithembiso sakhe esikwincwadi yeziKronike 11 7:14: “Ukuba uyaguquka ... ndiyakuphilisa ilizwe.”

Ukophulwa kweminqophiso/izibhambathiso

UThixo weBhayibhile uzithyile eluntwini njengoThixo womnqophiso. KuAdam noEfa waba nguMdali (Elohim), kuAbraham wavela njengo Somandla (Elshadai), kuMoses wazichaza njengo”ndiNGUYE” (YHWH), waza ekugqibeleni, wazityhila njengoMsindisi (Messiah), uYesu Krestu. UThixo azange wawaphula umnqophiso wakhe noluntu, kodwa kwincwadi ye Gen 3 sifunda ngendlela abathi ngayo uAdam noEva bengabameli boluntu bophula umnqophiso ababenawo noThixo, ngokungamthobeli. Oku ngathobeki kwaba ngunobangela wokuba bona, noluntu banyanzeleke ukuba bahlale ngaphandle kokubonakalaliswa kobukho bukaThixo. Baza baphila impilo yokusebenza nzima nokubila. Onke amaxesha uThixo esenza umnqophiso wakhe nabantu, wongezelela iintsikelelo, kodwa acacise ngokupheleleyo imimiselo ayilindele kuthi. Xa sithe sakhetha ukwenza ngokuchaseneyo nomnqophiso wakhe, ngoko iziqalekiso zibalilifa lethu. Njengoko uThixo ethembekile kumnqophiso wakhe, ukwalindele ukuba nathi njengabantu abenziwe ngomfanekiso wakhe sithembeke kumnqophiso lowo. Bonke abantu abatshatileyo benze umnqophiso namaqabane abo wokuba abayikohlulwa nto lonke ixesha lobomi babo. Uqhawulo mtshato nokungathembeki emtshatweni kukungunobangela wokuophulwa komnqophiso. Kukhona umnqophiso okhoyo pkumakhaya wokuba umama notata bakhathalele abantwana. Amakhaya amaninzi abobunzima namhlanje kungenxa yokophulwa kwalo mnqophiso. Ukwakhona nomnye umnqophiso phakathi kukarhulumente nabemi balo ndawo. Xa sukuba imithetho elawulayo ikhetha abemi abathile ibenobulungisa kwabanye kwabanye bungabikho loo mnqophiso waphuliwe.

Iziphumo zokophulwa kweminqophiso zicacile eBhayibhileni. Umhlaba uyangcoliseka uze uzile (Isaya 24:5–6), umhlaba uqalisekile (Gen3:17), kungakho indlala, imfazwe nezifo ngenxa yesi sono.

Ngexesha likaYoshuwa (Yosh 9), amaSirayeli enza imiinqophiso nezinye zezizwe zase Kanana ukuba zizivumele ukuba zihlale. Emva kweminyaka engamakhulu amathathu anamashumi asibhozo, ukumkani wokuqala wakwaSirayeli uSawule, ekuzinikeleni kwakhe kwisizwe sakwaSirayeli nakwaJuda wawophula umnqophiso owawenziwe nguYoshuwa. Ngenxa yokuphulwa kwalo mnqophiso uThixo wazisa indlala ngethuba lokusondela kokuphela kokulawula

kukaDavide kwaSirayeli (Samuweli 11, 21). Uthe uDavide akubvuza kuYehova malunga nendlala leyo, wathi uThixo uyamgweba uSirayeli ngenxa yesigqibo sorhulumente odlulileyo sokophula umnqophiso. Kwincwadika Hezekiya 14:13,21, uThixo ucacisela umprofeti ukuba, ukuba ilizwe liyankaniza kwizenzo zokungathembeki (ngokophula umnqophiso kaThixo noluntu), iziphumo ziyakuba qatha zibe njengekrele (imfazwe, indlala, amarhamncwa nemeko zezulu eziza nentshabalalo) okanye iindyikityha zokufa (izifo). Ngokumalunga nesi sityhilile kumele sijonge isizwe sethu size siyiqonde into eyenzekayo. Kungaba uThixo uwise isigwebo ngenxa yokubaneenkani kwizenzo zokungathembeki eMzantsi Afrika? Sithini ngezifo ezifana nogawulayo ikholera imalariya okanye isifo sochwane nenyebethu? UThixo use nguThixo weBhayibhile nakaloku nje. Noxa siphila kwixesha lobabalo kumele siye etroneni yobabalo (amaHeb 4:16) sizicelele inceba ngexesha elifanelekileyo. Etroni yobabalo siyakuhlangu nombingeleli omkhulu uYesu Krestu ome njengommeli wethu etarhuzisela thina malunga nezono zoMzantsi Afrika. Masimcele ukuba asixolele malunga nemimqophiso eyaphulweyo eMzantsi Afrika.
